KEY WEBSITE FEATURES

Live HRD Corp Levy Calculator

Input annual payroll and levy rate to instantly calculate your optimisable levy. Visual donut chart shows utilised vs unutilised amounts — real-time, browser-side calculations.

✓ Instant Automated Results

ROI Assessment Dashboard

Live dashboard showing Total Investment, Estimated Returns, ROI percentage, and Payback Period — giving HR leaders a crystal-clear picture of training value.

✓ 210% ROI Visualised

Strategic TVET Planning Module

Aligns corporate training plans with national TVET priorities and HRD Corp guidelines, helping companies unlock greater government support and levy claimability.

✓ Government-Policy Aligned

Seamless HR System Integration

Designed for integration with existing HR workflows — from training planning to levy submission — creating a seamless end-to-end workforce development experience.

✓ HR-Ready Architecture

Responsive Multi-Device Platform

Fully responsive across desktop, tablet, and mobile. The dashboard and calculators adapt beautifully — built for busy HR professionals on the go.

✓ Mobile Optimised

DATA-DRIVEN OUTCOMES

Data-Driven Insights

Maximise Levy

Measurable ROI

Sustainable Growth

"We had no idea how much HRD Corp levy we were leaving on the table until we saw this platform. The live calculator showed us exactly our RM 40,000 in unutilised levy — instantly. The ROI dashboard made it trivial to justify our training investments to the board. This website transformed how we approach workforce development."
